Rioting Mobs about the diktat and betrayal of Germany!

## Betrayed!!

## Germany Split in Half

## Armed forces almost nonexistent

## Riots at the Capitol

Woodrow Wilson betrayed us on every promise he made to our people and now Germany will lose 70,000 sq km (27,350 sq mi) with some six and a half million inhabitants. This is not what we were promised when we agreed to the cease fire.

The diktat, that we are forced to sign, spits Germany in half. **Poland is now getting our land in West Prussia as a corridor!** Why must we put up with this?

To defend ourselves we will have all of a hundred thousand men. This is less than a thirtieth of the French forces currently mobilised. No Air force, no Battleships only five Cruisers, and no Submarines. We shall not be able to defend ourselves.

**Germany now is being forced to sign this diktat** and rightful riots of people are all over the country in arms against this outrage. The Allies did not consult us or Austria Hungary or anyone else, just three greedy people with pens and a map have stolen our people and land. This is unacceptable, but they are making us accept it!

## Hideous 'Honour' clauses

## Germany blamed for the war!

The most unfair clauses in the treaty are the so called 'honour clauses'.

The articles 227-230 allow them to try any one of us as a war criminal. This includes our Kaiser Wilhelm the second. What did we do that the English didn't?

Article 231 sets up article 232 in which **We are blamed for the war.** The clause says that we are responsible "for causing all the loss and damage" suffered by the Allies in the war "imposed upon them by the aggression of Germany and her allies."

Because of this clause Germany will have to **pay a huge amount** that is going to cripple our economy and leave everyone of us starving.

The fact that Germany is **blamed for defending herself** is
