THE BLACK DEATH

DIEING, DIEING, DIEING!*!

IT IS BELIEVED THAT THE BLACK DEATH CAME FROM SAILORS FROM ABROAD, GOD WHEN HE WAS ANGRY AND JEWS POLLUTING WATER. IN ACTUAL FACT IT CAME FROM FLEAS ON RATS BACKS FROM

ABROAD. THE FIRST OUTBREAK OF THE BLACK DEATH REACHED ENGLAND IN 1348 THROUGH THE DORSET PORT OF MELCOMBE REGIS, BROUGHT, IT IS THOUGHT, ON AN ITALIAN MERCHANT SHIP. IN A MONTH IT HAD ARRIVED IN DORSET, IT HAD SPREAD THROUGHOUT THE COUNTY AND ACROSS TO DEVON AND SOMERSET, REACHING BRISTOL ON AUGUST 15TH. CITIZENS OF GLOUCESTER, THE NEXT LARGE TOWN NORTH REFUSED TO ALLOW ANYONE ENTERING THEIR CITY!

WHO IS DOING THIS TO US!

IN OCTOBER 1347 TWELVE TRADING SHIPS ARRIVED AT THE HARBOUR IN MESSINA (SICILY). THE SHIPS HAD COME FROM THE

BLACK SEA WHERE THE GENOESE HAD SEVERAL IMPORTANT TRADING POSTS. TRUST NO-ONE.
